

Here's Your Homework

Help your child set up a personal fundraising page. They will earn a fun glow-in-the-dark wristband just for registering.

Here's what to do:

- Visit heart.org/kidsheartchallenge, or search "kidsheartchallenge" in your app store and download the app. Find your school and join the team. (Even if you've participated before, you'll need to start by finding your school.) (image 1)
- Select whether you're a new or returning participant. If you're new, fill out the form to set up your account. If you're returning, enter your user name and password and update your information. (Hint: Make sure your username and password are easy to remember since you'll be able to use them again next year.)

Now you and your child are ready to have some fun by customizing his/her personal fundraising page.

- Track your progress and kick things off with your own personal donation. (image 2)
- Send emails and ecards asking for donations. (image 3)
- In your app store, you can fundraise unlock your heart heroes, play games and more!

Plus, each time your child visits the headquarters, he or she will see badges earned and have a chance to unlock special surprises. More visits mean more chances to share messages about heart health and raise funds for the American Heart Association.

PS: Always fundraise the smart and safe way. Do not go door-to-door or ask strangers for donations. Please convert cash donations into checks payable to the American Heart Association and ask your donors if their employers match employees' contributions!
